

## FYP Logbook Entry Sheet

**Meeting No: 01**

**Date: 2025/11/02**

**Start Time: 11 : 00 AM**

**End Time: 1 :00 PM**

### **Items Discussed:**

1. Discussed the documents for the Final Year Project and Percentage each documentation holds.
2. Presented the project Ideas and its features, the problem solved by it and features for real world use.
3. Reviewed and approved the project ideas by external supervisor

### **Achievements:**

The project ideas were presented in depth to the supervisor, with detailed explanations of the system's functionalities and overall scope. The proposed project received approval along with useful guidance to improve specific features. Important feedback was also gathered, which will be used to refine system modules and enhance overall project quality.

### **Problems:**

Difficult to find a unique and meaningful project idea because many early ideas were rejected for being too simple. This required looking at different platforms, studying real-world problems, and checking existing solutions to find better features. The process took time and effort, but it helped create a stronger project idea with new and useful functionalities that later became part of the final concept.

### **Tasks for Next Meeting: (Write down the task assigned to you by your supervisor)**

- Prepare initial Gannt Chart.
- Prepare SRS Document.
- Prepare ERD.
